PORT NOTICE TO MARINERS

NO. 18 of 2021

Seagrass Diving Surveys within the Fal and Helford SAC 13th - 17th September 2021

NOTICE IS HEREBY GIVEN that the Natural England Diving Project Plan NE 2021/05 – ReMEDIES Fal and Helford SAC (Special Area of Conservation) Subtidal Seagrass Monitoring Survey will be taking place between, 13th - 17th September 2021.

The aim of this project is to conduct an ecological SCUBA diving survey to collect high quality data and inform a condition assessment of subtidal seagrass sub-feature in Fal and Helford SAC. Please see below table for scheduling and locations:

Proposed Schedule

Day	Seagrass Bed	No. divers on boat (incl. supervisor)	Dive Operator	Loading/Unloading
Monday 13 th	St. Mawes Bank	7 + 1	Porthkerris Divers	Falmouth
Tuesday 14 th	Penarrow Point	5	Dive Falmouth	Mylor
Wednesday 15 th	Flushing	5	Dive Falmouth	Mylor
Thursday 16 th	Amsterdam Point and Carricknath Point and St. Mawes Harbour	7 + 1	Porthkerris Divers	Falmouth
Friday 16 th	Helford	7 + 1	Porthkerris Divers	Falmouth

*On Monday, Thursday and Friday, a science support person will be on the boat (+1)

All vessels are requested to navigate with care and to keep well clear of diving operations which will be marked with international code signal flag 'Alpha' when operations are taking place.
